

Gas Combi Oven

Model Number : bi Pro-6-1/1-G

Capacity	6× 1/1 GN
Portions per Day	30-100
Temperature Range	30-300°C
Temperature Control	Electric
Gas Connection	3/4" IG
Type of Lighting	LED
Power	0.6 kW
Unit Type	Free Standing
Dimensions(WxDxH)	85x85x76 cm
Make	Germany

Highlights

- Integrated, IP-protected Ethernet interface for wired connection to the cloud-based networking solution ConnectedCooking
- Electronic safety temperature limiter for steam generator and convection heating
- Cool-down function for fast cooling of the cooking space with selectable, additional fast cooling by means of water injection
- Effective steam generator for optimal steam performance even at low temperatures below 100 °C
- Dynamic air turbulence in the cooking chamber through 1 intelligently reversing high-performance fan wheels with 5 fan wheel speeds, intelligently controlled and manually programmable
- The actual measured humidity in the cooking chamber can be set and retrieved
- Intelligent climate management with accurate moisture measurement, setting and control
- Intelligent assistants - iDensityControl, iCookingSuite, iProductionManager, iCareSystem
