

## Electric Combi Oven

Model Number : bi Pro-6-1/1-E

|                     |               |
|---------------------|---------------|
| Capacity            | 6× 1/1 GN     |
| Portions per Day    | 30-100        |
| Temperature Range   | 30-300°C      |
| Temperature Control | Electric      |
| Type of Lighting    | LED           |
| Power               | 9 kW          |
| Electric            | 400V/60Hz/3Ph |
| Unit Type           | Free Standing |
| Dimensions(WxDxH)   | 85x85x76 cm   |
| Make                | Germany       |

## Highlights

- Intelligent assistants - iDensityControl, iCookingSuite, iProductionManager, iCareSystem
- Intelligent climate management with accurate moisture measurement, setting and control
- The actual measured humidity in the cooking chamber can be set and retrieved
- Dynamic air turbulence in the cooking chamber through 1 intelligently reversing high-performance fan wheels with 5 fan wheel speeds, intelligently controlled and manually programmable
- Effective steam generator for optimal steam performance even at low temperatures below 100 °C
- Cool-down function for fast cooling of the cooking space with selectable, additional fast cooling by means of water injection
- Electronic safety temperature limiter for steam generator and convection heating
- Integrated, IP-protected Ethernet interface for wired connection to the cloud-based networking solution ConnectedCooking
